Shelby Crushed Stone, Inc.
10830 Blair Road
Medina, New York 14103**

Dear Town of Medina Board Members,

In honor of my son Andrew Gramza, my wife and I started an organization called Andrew's Army. We hold four blood drives a year and one blood drive/basket raffle fundraiser to help support Connect Life and the Alden Central High School Scholarship Foundation.

I am a retired geologist and have worked on numerous projects with Shelby Crushed Stone for over 25 years, investigating the subsurface conditions on there properties.

Shelby Crushed Stone has been a monetary sponsor of Andrew's Army for the past 13 years. Contributing to our cause, helps Connect Life save lives in local hospitals and supports our high school students with scholarships to help further there education in the healthcare field.

I recommend and support Shelby Crushed Stone in all their present and future endeavors.

Sincerely,

**Dale M. Gramza
